**U.S. Customs and
Border Protection**

**Informed Compliance Notice for
Imported Controlled Substances**

Reference # [REDACTED]

Description: 1 Envelope Containing
Codeine combination product 90

Dear Madam/Sir:

This is to notify you that the U.S. Customs and Border Protection (CBP) has interdicted a package addressed to you that contains controlled substances on Feb 03, 2006. Please be advised that title 21, Code of Federal Regulations, Sections 1312.11 and 1312.12 (21 CFR 1312.1 and 1312.12), prohibit the importation of controlled substances without the express authorization of the Drug Enforcement Administration (DEA).

Unauthorized importations of controlled substances are subject to seizure and forfeiture under the provisions of title 19, United States Code, Section 1595a(c)(1)(B). However, CBP has decided to allow you the option of voluntarily abandoning the property to the Government after which it will be destroyed in accordance with 41 CFR 102-36 at the Government's expense. You may elect to do nothing in response to this notice. If you elect to do nothing, the controlled substances will be considered abandoned after 30 days and destroyed. Finally, you may elect to request that CBP commence seizure and forfeiture proceedings to allow you the opportunity to engage in a formal legal process to petition for the return of the property. Please be advised that no relief from seizure is available unless you are registered with the DEA and have the express written authorization of the DEA to import the controlled substances.

Enclosed is an election of proceedings document. Please indicate your election, sign, date, and return the document to the address indicated on the document. For future reference, enclosed is a public service announcement that warns the general public of the dangers associated with importations of pharmaceuticals. Please note that future attempts to import controlled substances may result in personal penalties or criminal prosecution.
